

Perbacco

The Italian expression “Perbacco” translates to “my goodness!” or more directly “for Bacchus”, who was the roman God of Wine...

Our story

Perbacco is an authentic family run Italian restaurant situated in the heart of Copenhagen. The restaurant was founded by the Spatafora family from Sicily who have had a passion for Italian gastronomy for many years. The ingredients are carefully selected and the wine is self imported from the family’s firm which imports Italian products. Our menu includes traditional dishes like pizza and pasta, inspired by all regions of Italy alongside classic Italian aperitifs and wine. We work on recreating the cozy atmosphere of a small Italian bistro, so when taking a step into Perbacco we hope that one will be received with an overwhelming warmth, even on the coldest of days. Benvenuti!
